

# INTRODUCING: THE AMBASSADOR BOARD

Maryland AFCC Chapter has a new program to keep you involved and informed! The Ambassador Program ("AP") is a mechanism by which the AFCC will provide concrete and realistic opportunities for statewide participation in continuing education and program involvement. Each judicial circuit has an ambassador assigned who regularly meet and who are designing a curriculum dedicated to improving the lives of children and families of separation and divorce. Ambassadors will conduct state-wide educational events, and discussions, that will not only promote collaboration, education, and innovation all over the state, but will give those who attend an individual and collective voice on these same subjects for consideration by the Board of Directors when setting goals and priorities for the Chapter. This year, the Ambassador Board has already begun identifying issues relevant to the various Circuits, including access to Justice and services available to attorney-represented and self-represented litigants in family law cases. Currently we are still searching for a 7th Circuit Representative. Please be on the lookout for emails from Ambassador Board members, regarding programming and events in your Circuit, and if you would like to be considered as an Ambassador for either the 7th Circuit, please contact Jerin at [jhorton@delaneymckinney.com](mailto:jhorton@delaneymckinney.com) or Megan at [mmcnulty@delaneymckinney.com](mailto:mmcnulty@delaneymckinney.com).
